PROTECTION
DURABILITY
CLEANABILITY

HOMOGENEOUS BOND

- Produratect is a protective finish designed to safeguard your upholstery item with easy cleaning.

SPECIFICATIONS

- Delivers heavy duty Wyzenbeek abrasion resistance.
- Can withstand outdoor exposure to UV rays with no signs of yellowing or other forms of discoloration.
- Provides excellent flex resistance with no cracking or delaminating.
- No crocking or face-to-face blocking, even at elevated temperatures.

CLEANING INSTRUCTIONS

- May easily be cleaned with a soap and water mixture as well as with other common household cleaners.
- Bleach cleanable using solution of ten parts water to one part bleach.
- May be disinfected with using bleach solution or other common household disinfectants.

PROTECTION + DURABILITY = PRODURATECT™
